DATACAD LLC License Agreement

This is a legal agreement between you (either an individual or an entity), the end user, and DATACAD LLC ("DATACAD"). If you do not agree to the terms of this Agreement, return the Software and your dated proof of receipt to DATACAD within forty-five (45) days from your purchase of the Software for a refund of your purchase price less shipping and handling charges.

DATACAD LLC Software License

Grant of License

This DATACAD Software ("the Software") is licensed not sold. DATACAD grants you a license for the Software only in the country where you acquired the Software. You obtain no rights other than those granted to you under this license. DATACAD grants to you the right to use one copy of the enclosed Software on a single computer. The Software is in "use" on a computer when it is loaded into temporary memory (i.e. RAM) or installed into permanent memory (e.g. hard disk or other storage device) of that computer. Installation of the Software on a network server for the sole purpose of distribution to one or more other computers is not permitted under this license. A separate license is required for each copy of the Software in a network installation.

Copyright

The Software is owned by DATACAD or licensed from its owners and is protected by United States copyright laws and international treaty provisions. Therefore, you must treat the Software like any other legally copyrighted material with the following exceptions. You may either make one copy of the Software solely for backup or archival purposes or transfer the Software to a single hard disk provided that you keep the original solely for backup or archival purposes. You may NOT copy the printed materials ("documentation") accompanying the Software.

Other Restrictions

You may not rent, lease or assign the Software. You may transfer the Software and documentation on a permanent basis provided that you retain no copies and the recipient agrees to the terms of this Agreement. You may not reverse engineer, decompile, or disassemble the Software. If the Software is an update or has been updated, any transfer must include the most recent update and all prior versions. You may not distribute, sublicense, or modify the Software.

Dual Media

If the Software package you receive contains more than one type of storage media (3.5" disks or CD-ROM), you may use only the media appropriate for your single-user computer. You may not use the other disks on another computer or loan, rent, lease, or transfer them to another user except as part of a transfer on a permanent basis (as provided above) of all Software and printed materials.

Export Restrictions

You agree that neither you nor your customers intend to or will, directly or indirectly, export or transmit: 1) the Software or related documentation and technical data; or 2) your Software product as described in this license or any part thereof, or process, or service that is the direct product of the Software, to any country to which such export or transmission is restricted by any applicable U.S. regulation or statute, without the prior written consent, if required, of the Bureau of Export Administration of the U.S. Department of Commerce, or such other governmental entity as may have jurisdiction over such export or transmission.

Limited Warranty

DATACAD warrants that the Software will perform substantially in accordance with the accompanying printed materials for a period of ninety (45) days from the date of receipt. Any implied warranties on the Software are limited to ninety (45) days. DATACAD does not warrant that the functions contained in the Software will meet your requirements or that the operation of the Software will be uninterrupted or error-free or that any Software defects will

be corrected. Some states/jurisdictions do not allow limitations on the duration of an implied warranty, so the above limitation may not apply to you.

Customer Remedies

DATA CAD's and its suppliers' entire liability and your exclusive remedy shall be, at DATA CAD's option, either 1) return of the purchase price paid less shipping and handling charges or 2) repair or replacement of the Software that does not meet DATA CAD's Limited Warranty and which is returned to DATA CAD with a copy of your dated proof of receipt. This Limited Warranty is void if failure of the Software has resulted from accident, abuse or misapplication. Any replacement Software will be warranted for the remainder of the original warranty period or thirty (45) days, whichever is longer. Outside the United States of America, neither these remedies nor any product support services offered by DATA CAD are available without proof of purchase from an authorized non-U.S. source.

No other warranties. To the maximum extent permitted by law, DATA CAD and its suppliers disclaim all other warranties, either express or implied, including but not limited to, implied warranties of merchantability and fitness for a particular purpose, with regard to the Software, the accompanying documentation. This limited warranty gives you specific legal rights. You may have other rights which vary between different states/jurisdictions.

No liability for consequential damages. In no event shall DATA CAD or its suppliers be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use this DATA CAD product, even if DATA CAD has been advised of the possibility of such damages. Because some states/jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you.

Federal Government

The Software and documentation are provided with Restricted Rights. Use, duplication or disclosure by the Government is subject to restriction as set forth in subparagraph (c)(1)(ii) of The Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 or subparagraphs (c)(1) and (2) of the Commercial Computer Software - Restricted Rights at 48 CFR 52.227-19, as applicable. Manufacturer is DATA CAD LLC, 20 Tower Lane, Avon Park South, Avon, CT 06001.

If you acquired this product in the United States of America, this Agreement is governed by the laws of the State of Connecticut. Should you have any questions concerning this Agreement, or if you desire to contact DATA CAD LLC for any reason,
