CADKEY APPOINTS NEW SENIOR VICE PRESIDENT

WINDSOR, CT, -- October 13, 1992 -- Cadkey, Inc. today announced the appointment of Dr. George Krucik as senior vice president.

Dr. Krucik joins Cadkey from Autodesk, Inc. (Sausalito, CA), where he was the managing director of Autodesk Australia. Previous to that position, he managed international technical relations, and before that was product development manager for AutoCAD Release 10. He originally joined Autodesk in 1986 as a programmer.

Dr. Krucik is a licensed physician who also has a bachelor of science degree in computer science from the University of Manitoba in Canada. Before joining Autodesk, he worked in the field of computer applications to medicine.

Malcolm Davies, president and CEO of Cadkey, Inc. said, "I am very pleased that George has agreed to join us; his experience in both the U.S. and international computer-aided design markets will prove invaluable in helping us to grow our business. While he will play an instrumental role in the technical area, as the number two person in the company, he will also be a key member of the executive team."

Cadkey, Inc., a privately held firm, develops, manufactures, markets and supports DOS- and UNIX (R)- based productivity enhancing computer-aided design, manufacturing and analysis products worldwide. CADKEY(R) is one of the most widely used and acclaimed mechanical engineering programs in the world with over 90,000 installations in a dozen foreign languages. According to the market research firm Daratech, Cadkey is the third largest PC-based computer-aided design software firm.
